

## MUCH HARD WORK DONE AT MADISON

Law-Makers Crowd Through  
Important Bills.

BICYCLE BAGGAGE BILL AGAIN  
TO THE FRONT.

Medical Commission and Fish Commission Bills Have Been the Most Important Passed During the Week But Several Heavy Measures Are Being Put In Shape For Final Action.

MADISON, Wisconsin, April 10.—The assembly held a short session this morning and did a lot of routine business. The bill providing for the placing of the statues of Generals Rusk and Fairchild in Statuary hall in the capitol at Washington was killed, as was also the bill enabling gun clubs to get exclusive right of the shooting on inland lakes by leasing the riparian rights of the farmers living around the lakes.

At the close of the session a somewhat startling discovery was made—that the Mills caucus bill now pending applies only to municipal elections except in the city of Milwaukee where it applies to municipal elections as well. This discovery will seriously affect the progress of the measure and may defeat it.

During the last week but little has been done in the way of actual law making, for the reason that the passage calendar has been generally skipped in order that action might be taken on bills ready for engrossment and third reading. Work on this line was necessary to provide for the engrossment of measures which were pending but had not been sent to the engrossing room. Among the important measures which have been disposed of as far as engrossment is concerned were the Mills pure election bill, which was advanced to final passage in the assembly and then held up; the boiler inspection bill; and the bill providing for the memorial to congress for a measure prohibiting trusts. The remainder of the bills which are now in the hands of the young lady copyists are mostly unimportant measures, but they are very numerous and have kept the girls busy every moment during the last few days.

Important Bills Passed.

The few bills which were passed were, however important among them having been the bills reorganizing the fish commission, and providing for the taxation of express and providing for a board of medical examiners. This latter measure was the famous Olason bill which has had a troublesome career all through the assembly and senate and which was the cause of the C. N. Frink attempted bribery investigation. The new fish and game law is another measure which became a law this week, the governor having fixed his seal to it yesterday. The trouble with this bill will begin after its attempted enforcement as it will undoubtedly be met with strenuous opposition on the part of fishermen in several portions of the state. That its constitutionality will be tested there can be scarcely a doubt and it probably be the Lake Winnebago fishermen who will carry the matter into the courts.

Long Koshkonong Season.

The game law re-enacts about the same provisions that was contained in the law of '95, which was upset by the supreme court on a technicality. Assemblyman Wheeler talked on an amendment at the last moment which exempts Lake Koshkonong from the closed season on fishing. It will be lawful to catch fish with a hook and line in this lake at any time. Spring shooting of all ducks except mallard, wood and teal is allowable.

Bicycle riders around the state will exult over the fact that the Flett bicycle baggage bill, about the same as the Whitehead measure, was carried to a third reading by a vote of 47 to 34 in the assembly last night.

New Taxation Measures.

Of the measures which have been pushed a considerable way towards becoming chapters in the laws of 1897, the most notable are the two Davidson bills on corporation taxation subjects. The first of these, a measure which increases the taxes of the telegraph companies of the state from \$10,000 to \$25,000, has been passed by the assembly and ordered engrossed by the senate. The second, a bill which provides for the licensing of express companies in sums of \$500 down in accordance with the size of cities in which they accept freight, has passed the

assembly and gone over to the senate. This bill is the first attempt which has ever been partially successful for the taxation of express companies in this state. Numerous other measures have been introduced to exact tithes from them, but they have all failed ignominiously, the bills on the subject being generally killed in the house in which they originated. Of the important bills which have met death this week the most striking was the Hall bill, providing for large penalties for untrue returns to assessors by citizens of their property.

Guarding the Wylie Bill.

Probably no bill was more carefully guarded than was the Wylie anti-pool selling measure which became a law this week. So fearful were the friends of the bill that the Milwaukee race track gamblers who opposed its passage would by some secret means relieve the legislature of the presence of this measure that it was as safely guarded as was the sacred stone of Mohammedans in the days of Mohammed. After the Burke motion for a reconsideration of the bill made last week Senator Putnam the chairman of the committee on state affairs took the measure home with him for safe keeping and at night it divided honors with his revolver and pocketbook beneath his pillow but the watchfulness did not end here. After Mr. Burke's motion for a reconsideration had proved fruitless and the bill was taken to the secretary of the state to be copied, preparatory to transmission to the printing office for publication it was placed in the hands of a custodian who never allowed it out of his sight until the copy of it was sent on its way to the Madison State Journal office and the original had been deposited in a vault whose combination is the secret of the secretary of state.

Jones Returns His Passes.

Dramatic incidents have abounded during this week's session. First and foremost among them was the return of his passes by Assemblyman W. A. Jones of Mineral Point. Quietly but forcibly in order to show his disapproval of the source from which the Barnum resolution emanated Mr. Jones before speaking on this measure sent his railroad transportation up to the chief clerk of the assembly with instructions to the latter to return the passes to the railroad companies who presented them.

The debate on the Hall bill, providing penalties for the incorrect return of property to an assessor was also sensational and had this bill passed the assembly it is said Assemblyman D. F. Jones would have tendered a resignation from that body with the remark that Assemblyman Hall and Speaker Buckstaff were the only persons needed to create legislation in Wisconsin. As it was Mr. Jones was very personal in his attack upon Mr. Hall during his speech against the bill.

Fight the Sheridan Drive Bill.

The Sheridan drive bill which was up for final passage in the assembly yesterday and which has already passed the senate, was delayed in a victorious career yesterday by being sent back to the senate committee on state affairs. This was done at the request of Assemblymen Mosher and Lewis, both of whom said several of their constituents were desirous of being heard on the question. A short committee meeting was held over the bill yesterday afternoon, but it was finally decided not to take final action until after next Wednesday, when a final hearing will be given the bill. The only speakers on the bill yesterday were Theodore Riel of Burlington, Chairman Rice of the Racine county board and Assemblyman John T. Reynolds of Kenosha county. Mr. Riel declared that the town of Burlington cast 600 votes against the measure recently and that the opposition in the other towns of the county would be found to be as strong as it was in Burlington. The road, if built, would be declared cost Racine county alone \$33,600. Remarks along the same line were made by Mr. Rice. The bill, Mr. Reynolds said, had created a sensation among the farmers in his county and that some of them favored and that some of them opposed it.

Adjournment Date Uncertain.

As yet the final adjournment day cannot be known for a certainty but it will be late next week or the middle of the week following. The assembly will however take its time in the consideration of all measures before it and it will not adjourn until all of the business before it is carefully transacted. The senate will of course have to remain in session until the assembly adjourns.

Will Re-enact Old Insurance Laws.

One of the questions with which the houses have got to wrestle next week is the new insurance bills which were introduced to replace the insurance code prepared by Commissioner Fricke and the revision committee. The bills are substantially

## FORTY LIVES LOST IN APRIL FLOODS

WHOLE FAMILIES KNOWN TO  
HAVE DIED.

Fatalities in South Dakota, Iowa and Nebraska Reach at Least the Two Score Mark—Levees at Greenville, Miss., Safe—News of the River Districts.

Sioux City, Iowa, April 10.—Forty lives at least have been lost in the floods in South Dakota, Iowa and Nebraska. Two persons are known to have been lost on the Floyd, three have been reported drowned—the Big Sioux, two in the Missouri and one on the Coon, all in the immediate vicinity. Cases of a similar character are being reported every day from points farther away, and a sharp watch is being kept by the local authorities for floaters in the Missouri. Many people are missing, of whose deaths their friends have no positive information. Most of them have probably been carried down the Missouri, and their bodies probably will never be recovered.

The bodies of two more victims were brought into Sioux City Friday—Danford Magee of Whiting and Harry N. Favill—who were drowned while attempting to ford the Elkhorn river in Nebraska. There has been a general fall in all streams in the locality.

GREENVILLE LEVEES STANDING.

Rumors of Disaster in the Mississippi Town Without Foundation.

Memphis, Tenn., April 10.—There was considerable excitement here for a little while Friday over a report from Jackson, Miss., that communication with Greenville had been cut off. This was taken to mean that the river had submerged Greenville, but later reports show the levee there withstood the storm stoutly.

Notwithstanding the high winds and the heavy rain reported from the overflowed Mississippi delta the situation in the flood-stricken section, if not better, is certainly no worse. The water, which has been pouring through five big crevasses for more than a week, is rapidly flowing into the Mississippi again at a point twelve miles north of Vicksburg, and is sweeping southward with terrible force. The strain on the Louisiana levees will be something terrific for a week, and if they withstand the powerful pressure for that length of time all will be well.

Heavy Loss of Cotton.

Vicksburg, Miss., April 10.—S. P. Metzger, president of the Cotton Exchange of this city, gives it as his opinion by the overflow in the states of Arkansas and Mississippi this season will not fall short of 350,000 bales and possibly the water goes out by the 1st of sibly greater. The Yazoo delta will not, June, make over half a crop.

On the Upgrade Again.

St. Paul, April 10.—The river is on the upgrade again. From midnight to 7 o'clock it rose a tenth of a foot, and is still going up, although slowly. The government officials do not view this with any apprehension.

Winona, Minn., Is Flooded.

Winona, Minn., April 10.—Lake Winona has come up to the level with the river and the entire south side is flooded. While causing great inconvenience, the high water will result in but little permanent damage.

River Is Still Rising.

Grand Forks, N. D., April 10.—The situation still continues to grow alarmingly worse and the probability is that the surrounding country will be flooded, as the river is still rising from one to two inches an hour.

Railroad Tracks in Danger.

Dubuque, Iowa, April 10.—Water is now flowing into East Dubuque flats, but will require a rise of at least three feet more to cross the railroad tracks to this side. The rise of the past twenty-four hours is ten inches.

Situation at Alton, Ill.

Alton, Ill., April 10.—Twenty-two and one-half feet above low water mark is the reading of the river gauge here, and the water is rising half an inch an hour.

Medical Congress in Washington.

Washington, April 10.—The fourth triennial session of the congress of American physicians and surgeons will be held in this city May 4, 5 and 6. The congress will bring together between 600 and 1,000 prominent medical men from all parts of the country and Canada, and possibly some delegates from abroad.

Indiana Teachers in Convention.

Franklin, Ind., April 10.—The Southern Teachers' Association were given a public reception by the Knights of Pythias at their hall Friday evening, after the address of Dr. Hall, of Franklin College. The inclement weather kept a large number from attending.

Bismarck Is Completely Recovered.

Berlin, April 10.—Prince Bismarck is completely recovered. He said to an interviewer: "My enemies will have to rest patiently for a time; I am still on earth."

## TURKEY IS LIGHTED WITH GREEK FIRE

BANDS OF BRIGANDS CROSS  
THE FRONTIER.

Turkish Generals Hold Their Troops In Readiness For An Immediate Advance—It Is Thought There Will Be No Blockade of the Port—Situation Grows More Critical.

Athens, April 10.—A private dispatch just received here from Kalamakabaka says that a band of irregulars who were compelled to return to Greek territory, heard a sharp fusillade between the Greek and the Turkish outposts. The official dispatches merely report that three Greek bands invaded the Turkish territory. But the sensation of the incident is increasing here, and there is no telling what the effect of it will be in the present inflammable condition of the public mind.

BRIGANDS ENTER TURKEY.

Officers of the Sultan May Order a General Advance.

Elassona, Macedonia, April 10.—Bands of Greek brigands have entered Turkey at Krania, in the vicinity of Grevena. The Turkish troops began fighting them at 5 o'clock Friday morning. At the Turkish headquarters this news is looked upon as being of the gravest description, in view of the excitement here.

It is impossible to distinguish whether the invaders are supported by any substantial portion of the Greek regular army, as the Greeks have taken up a position in the middle of a forest. But the correspondent of the Associated Press is informed that the moment the Turkish officers ascertain the presence of the uniforms of the Greek regulars in the ranks of the aggressors Edhem Pasha will order the advance of the entire Turkish army.

The situation is most serious. In the meanwhile Edhem Pasha remains at the general headquarters awaiting news. He has notified his generals of division to hold themselves in readiness for instant action, and the reserves have already left the encampment here in order to move closer to the first line of defense.

Not Afraid of Blockade.

Athens, April 10.—The conviction still prevails here that the blockade of Greece will not be enforced, though some of the diplomats believe it will soon be an accomplished fact.

The ministerial Proia indignantly denies the charge that the government is prepared to barter Crete for territory assigned to Greece by the Berlin conference.

It is urged here that the powers cannot lawfully prevent Greece from advancing to the frontier line granted her by the decision of united Europe and of which she was deprived by the refusal of Turkey to confirm.

New Minister for China.

San Francisco, Cal., April 10.—Collector Wise has received instructions from the secretary of the treasury to meet the new Chinese minister on his arrival and afford every facility for landing him and his suite. There are between sixty and seventy in the minister's train, and they are to be landed without any of the formalities or red tape required in the case of ordinary Chinese.

Will Distribute New Seeds.

Washington, April 10.—Secretary of Agriculture Wilson has initiated a new system of seed distribution in his department. His aim is to diversify, as far as possible, the farm products of the country, and to this end he is making a specialty of selecting new and valuable seeds from all parts of the world and putting them in the hands of farmers likely to use them to advantage.

The Beet Sugar Industry.

Washington, April 10.—There is much information for those identified with sugar interests in a report just issued by the agricultural department on the sugar beet. The department holds that with the best machinery and most economical processes beet sugar can be made in this country at a cost of from 3 to 4 cents per pound when the price of rich beets does not exceed \$5 a ton.

To Repeal Libel Law.

Springfield, Ill., April 10.—Senator Lundin introduced a bill repealing the libel law. The bill was read a first time and advanced to second reading. It was then made a special order on second reading for next Tuesday immediately after the reading of the journal on motion of Senator Lundin. The senate adjourned until 5 o'clock Monday.

Hard Times Causes Insanity.

Belvidere, N. J., April 10.—During the past month about twelve people have gone insane in Warren county. Most of them are women, and they are now in the asylum. It is said that nearly all the cases are the outgrowth of financial troubles, owing to the hard times.

Supposed Fire Victim Safe.  
Oakdale, Tenn., April 10.—A. E. Weeks, of Locke, N. Y., who was thought to have perished in the big fire in Knoxville, is safe and well at Oakdale.

## HE IS ACCUSED OF BRIBERY

Frankfort, Ky., April 10.—Democrats make charges of bribery against Dr. Hunter, republican candidate for senator. He will be arrested for trying to buy votes. He says it is a democratic conspiracy.

## SENATOR VOORHEES DEAD.

Washington, April 10.—Senator Voorhees of Indiana died this morning.

## PINGREE FOR BIMETALLISM

Reaffirms His Belief in That Doctrine and Says He Is Not a Bolter.

Lansing, Mich., April 10.—Gov. Pingree on Friday said he had heard that Republican leaders had an idea that his public address last Wednesday meant that he had bolted or contemplated bolting the Republican party. He added:

"Because I said I am a bimetalist, and that I did not believe the Republican party can win another national victory on a single gold standard, they charge me with being a bolter. I have said repeatedly in the past that I was a bimetalist, and the newspapers printed my words. When I saw McKinley, shortly after election last November, I told him the same thing, if I remember correctly, and he did not deny that a bimetallic policy is the best one for the party in the future. McKinley is a better bimetalist to-day than I am. He has done more than I ever did to promote the cause of bimetalism, for he has had a better opportunity to do so, yet nobody calls him a bolter. I stand squarely on the financial plank of the platform adopted at the Republican national convention at Minneapolis in 1892."

## SEVENTEEN ARE MISSING

Fatalities at Knoxville May Reach That Number as a Result of the Fire.

Knoxville, Tenn., April 10.—Of the fifty-two guests who were sleeping in the Hotel Knox Thursday morning when the fire broke out, only thirty-five have been accounted for. The hotel register was destroyed, and it will, perhaps, never be known how many lives were lost. Telegrams are pouring in from different cities inquiring about people supposed to have been in Knoxville.

The work of searching for the remains in the ruins has begun and the developments already indicate that the list of dead will be much larger than at first thought. Charred remains were found in different localities of the ruins.

## ARMOUR BID REJECTED

Illinois Steel Company Fails to Get the Contract.

Washington, April 10.—The secretary of the navy has formally rejected the proposals of the Illinois Steel Company for furnishing armor plate for use in the navy. Secretary Long has referred the question to congress.

Upon the recommendation of Captain William T. Sampson of the bureau of ordinance the secretary has addressed a communication to congress requesting an increase in the limit of cost for each ton of armor from \$300 to \$400. With the larger limit he feels sure that there will be general competition among the armor manufacturers of the country for the contracts for the 8,000 tons of this material.

Federal Aid Is Declined.

Washington, April 10.—The people of the submerged district of the Red river of the north have declined the government aid voted them by congress Wednesday. When the flood came in the Red river \$250,000 worth of property was destroyed at Fargo, N. D., and fifty miles of fertile territory was inundated. An appeal was made to congress through the mayor of Fargo, and \$50,000 for the Red River of the North was added to the appropriation of \$150,000 for the Mississippi flood sufferers. After the passage of the resolution Representative Johnson of North Dakota went to the war department and placed Secretary Alger, under whose direction the fund was to be distributed, in communication with the relief committees at Fargo. But now the prospects along the Red River of the North are brighter.

Spanish Troops Become Mutinous.

Havana, via Key West, April 10.—The Spanish troops are becoming mutinous, and reports of discontent come from all over the island. The forces on duty at the Fortress La Cabanas two days ago refused to accept paper money in payment of overdue salaries, and bitterly complained of the unwholesome rations supplied. A story is afloat that a whole company of Spanish volunteers, commanded by Conde de Sagunto, deserted, and, under the leadership of a sergeant, joined the revolutionists.

British Take Inyack Island.

Cape Town, April 10.—The Argus of this city announces that it has received trustworthy information from Pretoria, capital of the Transvaal, that the British have secured Inyack island at the entrance of Delagoa Bay, and that a squadron of war ships from this port will proceed there to take possession of the island and proclaim it British territory.

Supposed Fire Victim Safe.

Oakdale, Tenn., April 10.—A. E. Weeks, of Locke, N. Y., who was thought to have perished in the big fire in Knoxville, is safe and well at Oakdale.

## THE TRADE REVIEW IS ENCOURAGING

BAD WEATHER HINDERS BUSINESS REVIVAL.

The General Situation, However, Is Hopeful According to Dun & Co's. Report—Comprehensive Survey of the Failures Recorded—Figures on Which Prophecies Rest.

New York, April 10.—R. G. Dun & Co's Weekly Review of Trade says:

"Out of 4,000 failures, with liabilities of \$60,752,561 the first quarter, seventy-four banking failures covered more than a fifth of the amount (\$12,744,650), and 3,345 failures, with liabilities of \$35,947,892, or nearly three-fifths, are classified this week according to branches of business, leaving only 587 failures and less than a fifth of the liabilities (\$12,060,019) in branches of manufacturing or trade not specified. Only two of the thirteen manufacturing classes and only four of the thirteen trading classes show larger average liabilities. For the month of March only three manufacturing and four trading classes show larger amounts than last year, and only two manufacturing and five trading show a larger average of liabilities. In almost every case, also, it is shown that the increase is due to one or two exceptionally large failures in that class. The returns compared with those of three previous years disclose much improvement already, and a bright prospect for more hereafter.

"A sudden collapse in the wheat market, exceeding 3 cents in a day, appears to have no other cause than a belated perception that past accepted estimates of yield and consumption, official and other, have been misleading. Western receipts are smaller than last year, and Atlantic exports are not large, though over 60 per cent larger than a year ago. Corn receipts continue heavy, and exports for the week were 3,323,337 bushels, against 1,142,710 last year. Atlantic exports of wheat, flour included, were only 1,521,123 bushels, against 967,653 last year. In spite of floods, which must have materially affected the prospect, cotton has only advanced 1/4 cent during the week. Speculation in wool has been checked by the possibility that duties may take effect April 1. Trading between dealers makes up more than half the sales of 12,739,400 pounds for the week.

"The iron industry is hampered by the contest between Mesaba ore interests, which prevents, as yet, any settlement of ore prices and leads many to expect further decline in finished products. The Illinois steel works, the Lake Erie works at Cleveland and the works of Oliver & Co. and Byers & Co., at Pittsburg, are stopped by labor difficulties.

"Business failures remain at the lower level recently reported, being 232 this week. There are thirty-three business failures reported from Canada."

## STILL HAVING TROUBLE

Spanish Authority Not Yet Restored to the Philippine Islands.

Vancouver, B. C., April 10.—Reliable information in regard to the operations of the Spanish in the Philippines are still difficult to obtain. There is a superabundance of highly colored reports appearing in the censored Spanish press, but the information furnished by correspondents of Hong Kong is of an entirely different character.

The Spanish forces are meeting with stubborn resistance in Cavite, and it will yet be many months before this province is cleared of rebels. The insurgents continue to attack all convoys with ammunition and stores and the movement of the royalist troops are in consequence greatly hampered.

To Transfer the Prisoners.

Indianapolis, Ind., April 10.—Warden Harley of the state penitentiary at Michigan City, and Superintendent Hert, of the reformatory at Jeffersonville, have decided to make the exchange of convicts between the two prisons at once, notwithstanding the effort that is making to have the reformatory law declared invalid. The transfer will take place next week, but the exact date is kept secret. The prison officials have received intimations that friends of the prisoners on the outside would attempt to wreck one of the trains if they could get information as to the date of the transfer. Over 300 prisoners are to be transferred each way. The governor has directed that a company of militia shall accompany each train.

Big Snow Storm in Indiana.

Indianapolis, April 10.—Throughout central Indiana the storm of Thursday night took the form of snow. Elsewhere it was registered as heavy rains, accompanied by strong electrical disturbances. Five inches fell in this vicinity. Three hundred telephones were burned out by crossed wires. The wires of the various railways centering here also went down, causing much delay to trains, but no accidents.

Gen. Fullerton's Body Found.

Wheeling, W. Va., April 10.—The body of Gen. Joseph S. Fullerton, of St. Louis, who was killed in the railway accident on the Baltimore & Ohio railroad near Oakland, Md., some weeks ago, was found Friday in the Youghiogheny river, eight miles below the bridge where the accident occurred.

## MILTON JUST AS DRY AS IN YEARS PAST

EVEN THE JUNCTION VOTED  
AGAINST LICENSE.

Liberal Appropriation For Road Improvement—Exciting Experience in a Cyclone—Clinton Gave a No License Majority of 23—Names of New Village Trustees and Officers.

(THE GAZETTE AGENCY,  
W. W. CLARKE, Manager,  
Milton, Wis., April 9, 1897.)

The great interest on election day centered in the license question and the friends of license made the effort of their lives to win, but despite their efforts it was defeated by a larger majority than two years ago, Milton Junction giving a majority against it much to the surprise of all. The republican ticket was elected with a single exception, notwithstanding the efforts of free silverites, prohibitionists and "kickers" combined. The supervisors were instructed not to grant licenses to pool and billiard rooms, and appropriations were voted to complete the sidewalk between the villages of Milton and Milton Junction, and for street lights. Twenty-three hundred dollars will be available for highway, street and graveling the present year and that amount if wisely expended ought to make a perceptible improvement in the roads and sidewalks. The large vote cast for Judge Sale, when he had no opposition, is an evidence of the high appreciation in which he is held by the citizens of Milton, and a testimonial of their regard for his efficiency as a public official.

We clip the following item of interest to the relatives and friends of Mr. and Mrs. Foster, from the Independence, (Kan.) Daily Press: "Goodwill Foster returned Friday night from Chandler, O. K. He reports Emory Foster and his little girl as practically uninjured, but Mrs. Foster is quite seriously hurt. Her foot was crushed by a falling timber and the flesh badly torn and bruised on the limb, and she is suffering from the severe shock. She has been kept under the influence of opiates, and it is difficult to tell just how badly she is hurt, but it is believed that her injuries are not dangerous. Mr. Foster had just entered the house when the tornado struck it, and he caught hold of his wife and little girl. The house was carried some forty or fifty feet in the direction from which the storm came, and was torn to pieces. Mr. Foster and his wife and child clung together and were lifted into the air fifteen or twenty feet, carried 110 feet from where the house stood, and dropped rather gently upon a rocky point considerably lower down than the location of the house. Mrs. Foster is very comfortably quartered in one of the houses left standing."

A delegation of King's Daughters attended the entertainment of the Junction circle Wednesday evening, and speak highly of the program.

The Bank of Milton's balance sheet for this week was over \$83,000.

Clem Crumb walks with a cane as the result of introducing a drag tooth into his leg.

E. B. Saunders came home Tuesday, to vote against license.

Frank Root, the Clinton druggist, was a visitor in the village Wednesday.

Fred Gould of Lima, was in town Tuesday, but did not vote here.

Rev. S. H. Babcock has gone to Cartwright, where he will conduct revival meetings.

C. A. Richardson has been supplying a Methodist pulpit at Marthon has been visiting his mother this week.

Mrs. A. J. Wood is dangerously ill with an attack of pneumonia, complicated with heart trouble and at her age prospects for recovery are not as encouraging as might be wished.

Benjamin Chapin the gifted and pleasing impersonator and monologue artist appeared at college chapel Thursday evening in the Merchant of Venice. It was presented in a finished manner and proved to be both entertaining and instructive.

Wedding bells will soon ring out in this village.

Mrs. Emory Burdick, of Janesville, was the guest of Milton relatives Thursday.

The Milton circle of King's Daughters will give the entertainment of the season next month.

Fred C. Dunn has been confined to the house for several days with throat trouble.

CLINTON WENT DRY BY 23.

J. C. Baker Heads the Village Board and H. Conley is Supervisor.

Clinton, April 9—Clinton went dry by 23 majority. J. C. Barker was elected president, H. Conley supervisor and S. M. Fisher clerk. Six tickets

Mrs. Watts visited friends at Watford, Wis., the past week. John Crotenburg has gone into the sheep business, having received a carload of them from Chicago on Thursday. Bert Downing expects to start out with a new oil wagon in the near future. E. D. McGowan of Janesville, transacted business here Thursday. E. G. Eldridge is now agent for the American Express Co., of this place. His office is at the C. & N. W. depot. Charles Lee transacted business in Chicago on Tuesday. Mrs. George Burns visited relatives and friends in Beloit the first of the week. James Lannier came down from Janesville to vote on Tuesday. Mrs. Dr. Collier visited friends in Chicago the past week.

### WILL RAISE FLAG APRIL 17.

W. H. Sargent Post Accepts Dr. James Mills' Invitation—Memorial Day.

At the meeting of W. H. Sargent post last night Dr. James Mills' invitation was accepted and the flag will be raised over his residence next Saturday at 2 p. m. Rev. H. W. Thompson and Capt. Pliny Norcross will speak. At the meeting last evening the preliminary arrangements for the observance of Memorial day were made. A committee was appointed, consisting of Commander C. D. Child, P. S. Fenton, W. G. Palmer, E. O. Kimberley, C. J. Schottel and L. E. Lee, who will secure a speaker and make the necessary arrangements.

The Post decided to accept the invitation of the Daughters of the American Revolution to attend their entertainment.

## THE COUNCIL TELLS WHO WERE ELECTED

JOHN THOROUGHGOOD'S MAJORITY  
FIXED AT 129.

A. E. Badger Did Somewhat Better Than This and C. L. Valentine Led Them All With a Plurality of 425—Claim to Damages Presented By Patrick Sweeney.

The canvassing of the city vote. Patrick Sweeney's demand for damages. Officer W. H. Appleby's reapportionment. Numerous cross-walk and street repair orders.

These were the principal items of business before the common council last night. The canvassing of votes, which was the principal business, resulted in the change of several majorities.

Mayor Baines and Aldermen Burnham, Jones, Kothman, McKee, Stearns and Stoddard answered to their names. The various reports were received and referred—the report of the treasurer for March, to the finance committee; the municipal court report for March to the judiciary committee; and the board of education report for February to the committee on schools.

A communication from Patrick Sweeney with the affidavit of physician attached, was read and referred to the judiciary committee. Sweeney asks for damages because of being knocked down by a horse while working in the street commissioners' gang. The appointment of W. H. Appleby as special police from April 9 to July 11 was announced by Mayor Baines and confirmed by the council.

The poll lists and statements of election returns were presented to the council and referred to the judiciary committee. During a brief adjournment the committee canvassed the vote and reported the election of the candidates whose names were announced in the daily papers Wednesday. The majorities were as follows:

John Thoroughgood.....129  
A. E. Badger.....176  
G. H. Davey.....23  
George Palmer.....47  
C. L. Valentine.....425

The annual report of the city treasurer was received and ordered printed.

Alderman Jones presented an order calling for bids on city printing. Other orders presented were as follows.

By Alderman Stearns—block cross-walk across Washington street on the north side of Maple court; across Madison street on the west side of Jackson street, and for repairing Jackson street from Milwaukee to Wall street, with crushed stone.

By Alderman McKee—Plank cross-walk across Wheeler street on the south side of Oak street; cross-walk across Racine street on the east side of Ringold street; repair of Court street.

Alderman McKee stated that the chief engineer had prepared a tabulated statement of the comparative cost, the equipment, etc., of fire departments in twenty-two different cities in Wisconsin. The tables gave Janesville a good showing and as a new insurance rating is soon to be made in this city he thought it should be published in all of the daily papers. The motion was adopted.

### MRS NEILSON WANTS ALIMONY

Her Attorneys Call For the Money Allowed by Judge Bennett.

A. L. Neilson is liable to get into trouble for contempt of court. He was notified by Mrs. Neilson's attorneys yesterday afternoon that he had so far failed to line up to the order of the court. The circuit court gave Mrs. Neilson \$7 a week alimony and Neilson was to pay her attorneys fees of \$35.

## PLANS FOR BUTCHERS' BALL

Arrangements Complete for the Fourth Annual Party at the Armory April 22.

The butchers of Janesville are making extensive preparations for the fourth annual ball to be given at the Light Infantry Armory, Thursday evening, April 22, 1897. If the experience of past years can be counted, the ball to be given shortly will be an immense success, and if anything, far ahead of previous efforts, as all of the meat men of the city are interested in this year's event. In place of two butchers parties as in the past, there will be but one grand affair.

Smith's orchestra of ten pieces has been engaged and Professor Williams and wife of Whitewater will lead the grand march. The invitations are being sent out now and people who are fond of good times will plan to attend that evening. Tickets are seventy-five cents and supper will be served at Watson's restaurant. Keep this date well in mind. Disorderly conduct of any kind will not be tolerated by the management.

## SHREWD LAWYER WAS HE

Liberal Share of Postal Back Pay Goes to An Attorney.

The lawyer who was engaged by some of the Janesville letter carriers to help them get back pay has made a neat fortune for himself. He has been retained by postal employees throughout the country. His agreement in most cases was that if he was successful in obtaining the money he should receive a specified part of it.

## JUBILEE WHEN CARS START

Ball Game at Athletic Park Will be One of the Features.

The opening of the Janesville electric line is to be marked by a general jollification at Athletic Park. There will be a base ball game in the afternoon and other attractions will be arranged.

The work on the power house and car barn is progressing in a way that leads Supt. Cummins to prophecy that cars will be ready to run by the middle of May.

George W. Blabon who is now attending to his business affairs in Philadelphia is being kept well informed on the progress of the work. As yet no orders have been placed for the electrical apparatus although several firms are eagerly seeking the contract.

The money recently subscribed toward the building of a power house for the street car line is soon to be collected. The amount is said to be near the \$1,800 mark.

## WILD GEESSE SCARCE IN ROCK.

Janesville and Chicago Hunters Get Few Shots—Duane Starin's Luck.

Wild geese are not as numerous as usual this year on the prairie lands of Rock county. For the last two weeks a party of Chicago, Beloit and Janesville hunters have been camped two miles below Afton. Alva Russell who was with the party says the shooting was poor compared to the former years. Plenty of geese were seen but they were very wild and could not be reached.

Duane Starin has bagged about a dozen geese and one hundred ducks at Lake Koshong among the latter being a number of canvas backs.

## UNION MEETING PUT OVER.

Regular Y. M. C. A. Meeting Will Be Held Instead Tomorrow.

The union meeting that was announced to be held at the Y. M. C. A. building at the usual time of the men's meeting on Sunday afternoon has been postponed to some time in May. The arrangements made by the committee for this meeting could not be fully carried out at this time.

The regular men's meeting will be led by W. H. Blair. The full Y. M. C. A. band will be present and play two or three opening pieces and the doors of the large room will be opened so as not to confine the sound. A large attendance is looked for.

## MRS. RANDOLPH FEELS HURT.

Protests Against the Use of Her Name by Mrs. Neilson.

Mrs. Asa Randolph is determined that Mrs. A. L. Neilson shall make amends for the use of her name in connection with Thursday night's affair.

"Mrs. Neilson has told what her former husband said," declared Mrs. Randolph this morning "but she did not tell what language she used herself. Mrs. Neilson has given cause for all that has happened."

## COMMON SENSE CURE.

Pyramid Pile Cure Cures Piles Permanently by Curing the Cause.

Remarkable Remedy Which Is Bringing Comfort to Thousands of Sufferers.

Probably half the people who see this article suffer from piles. It is one of the commonest diseases and one of the most obstinate. People have it for years and just because it is not immediately fatal they neglect it. Carelessness causes no end of suffering. Carelessness about so simple a thing as piles has often caused death. Hemorrhages occur from no apparent cause and loss of blood causes death. Hemorrhages occur during surgical treatment, often causing death.

Piles are simple in the beginning and easily cured. They can be cured even in the worst stages, without pain or loss of blood, quickly, surely and completely. There is only one remedy that will do it—Pyramid Pile Cure.

It attacks the inflammation immediately, heals the irritated surface and with continuing treatment reduces the swelling and puts the membranes into good, sound healthy condition. The cure is thorough and permanent.

Here are some voluntary and unsolicited testimonials we have lately received:

Mrs. M. C. Hinkley, 601 Mississippi St., Indianapolis, Ind., says: Have been a sufferer from the pain and annoyance of Piles for fifteen years, the Pyramid Pile Cure and Pyramid Pills gave me immediate relief and in a short time a complete cure.

Major Dean, of Columbus, Ohio, says: I wish to add to the number of certificates as to the benefits derived from the Pyramid Pile Cure. I suffered from piles for forty years and from itching piles for twenty years and two boxes of the Pyramid Pile Cure has effectually cured me.

Most druggists sell Pyramid Pile Cure or will get it for you if you ask them to. It is one dollar per package and is put up only by the Pyramid Drug Co., Albion, Mich.

A Good Plan. In Russian Poland all trains must stop at every station until the chief of police (or gendarmier) of the place gives permission for their departure.

## SEVENTEEN ARE MISSING

Mrs. Powers of Ozark Killed in the Ruins of Her House.

Atlanta, Ga., April 10.—Telegrams from Ozark, Ala., and Valdosta, Ga., crossing the ill-fated town of Arlington, Ga., show that this section was visited Friday by another gulf cyclone, ascending the Apalachicola valley and sweeping northward with terrific force to the confluence of the Chattahoochee and the Flint rivers, where it divided. In one direction, going toward Ozark, where timbers were uprooted and houses blown to pieces, several lives were lost, among them Mrs. Powers, who was caught beneath the falling timbers of her house and crushed. Her husband was unable to save her, and was himself badly hurt. The rest of the family were rescued, among them a baby three weeks old, whom the mother protected at the cost of her own life.

The second section of the cyclone was deflected upon the Flint valley, breaking across Georgia and passing through Arlington, where but a few weeks ago nine children were killed in the ruins of their school house. Reaching Valdosta, the storm became intensified in fury, and trees were blown down in every part of the city. A church in the southern part of the city was wrenched from its foundations and twisted into fragments. From many other towns in the vicinity reports of an equally alarming nature are coming in.

## Mrs. Stanford's Big Policy.

San Francisco, Cal., April 10.—Mrs. Leland Stanford has signed the contract by which her life is now insured for \$1,000,000. The policy was, she said, to be the largest ever issued, and written by the Mutual Life Insurance Company of New York. By the terms of the contract Mrs. Stanford is to pay an annual premium of \$170,000, and upon her death \$1,000,000 will be paid by the company to the Leland Stanford, Jr., University. If she should live ten years and continue her annual payment of premiums the university will receive at her death \$2,000,000 instead of \$1,000,000.

## Sensation at Frankfort, Ky.

Frankfort, Ky., April 10.—Capt. Noel Gaines, of the McCreary Guards, a prominent young politician of this place, was summoned before the grand jury Friday to testify in regard to certain charges of bribery said to have been attempted by Dr. Hunter's managers in securing votes. Capt. Gaines' testimony is of a highly sensational character, and may cause the indictment of at least three prominent Republican politicians. It is said that Dr. Hunter himself is involved. This is expected to sound a death knell to Hunter's senatorial aspirations.

## Ex-Sheriff Stoddard's Trial.

Valparaiso, Ind., April 10.—In the Stoddard-Walgamot trial Friday Dr. D. J. Loring and Hackman "Jake" Lambert testified. Lambert said that he drove Stoddard and the girl to the Fort Wayne depot and bought two tickets to Chicago, one for the girl and the other for Mrs. Wolgamot, who, it is alleged, accompanied her to Dr. Blunt's office. Other witnesses were Drs. Ketchum and A. W. Vincent, who both treated her during her illness.

## Wages Cut 10 Per Cent.

Bellaire, O., April 10.—The 300 or more men living in this city who are employed in the Riverside iron and steel works, opposite here, have received notice that the new scale of wages would go into effect April 20, which means a reduction of 10 per cent. The notice also said that unless the men accept the reduction their places will be filled with other men.

## Tin-Plate Strike at Joliet.

Joliet, Ill., April 10.—A strike affecting 300 employees of the Great Western Tin Plate company was started Friday. Davis, a roller, was discharged, and the men asked his reinstatement, which Manager George Hyde refused. Monday Mr. Hyde will replace the strikers, and in the meantime Sheriff John Francis has sent deputies to the plant to protect those desiring to work.

## Michigan Project Is Beaten.

Lansing, Mich., April 10.—The project to construct electric railway lines through Sanilac, Huron, St. Clair, Tuscola and Bay counties was defeated Friday in the senate after the necessary bills had been passed, the vote being reconsidered and the bills referred. It is understood that the Dyer Electric Company of New York was the projector.

## Bald Accepts the Challenge.

Louisville, Ky., April 10.—Eddie Bald has sent word to Tom Cooper that he will race him at Detroit on May 31. Bald has also accepted Walter Sanger's challenge to race for \$1,000 a side and the largest purse offered. The last event will, according to Sanger's conditions, take place at Buffalo, Bald's old home.

## Veto New York Charter.

Albany, N. Y., April 10.—The Greater New York charter has been returned to the legislature, with the disapproval of Mayor Strong of New York and Mayor Wuerster of Brooklyn. Mayor Gleason of Long Island City approved the charter.

## Not Exactly Right

"Not Sick Enough for the Bed or Well Enough For the Table."

A Minister's Wife Aptly Describes a Well Known Condition and Tells How It Was Overcome.

There are thousands of people in all walks of life, particularly at this season, who are "not exactly right" and yet are not sick, for whom a single bottle of Hood's Sarsaparilla would do a world of good, as it has done for others. Business and professional men as well as the busy housewife are especially susceptible to this debilitated feeling. It is the peculiar combination of the best tonic, anti-bilious, diuretic and alterative agents of the vegetable kingdom, carefully and scientifically combined, which enables Hood's Sarsaparilla to reach simple as well as serious ailments when all other medicines fail. Read Mrs. Hunt's letter:

"Dear Sirs:—I trust that the publication of my testimonial may serve to introduce Hood's Sarsaparilla to many who need physical improvement, and lead them to give it a trial. My husband,

Rev. Granville Hunt

is a corpulent man weighing 230 pounds. He has taken Hood's Sarsaparilla every spring for the last eight years with good

results. With the approach of spring he has had an indescribable feeling of ill health. 'Not sick enough for the bed or well enough for the table.' In a few words,

He Became Run Down

each year from constant mental and physical action. Hood's Sarsaparilla has relieved and invigorated him in every instance. Last month we purchased four bottles of the medicine. I took two of the bottles, being weak,

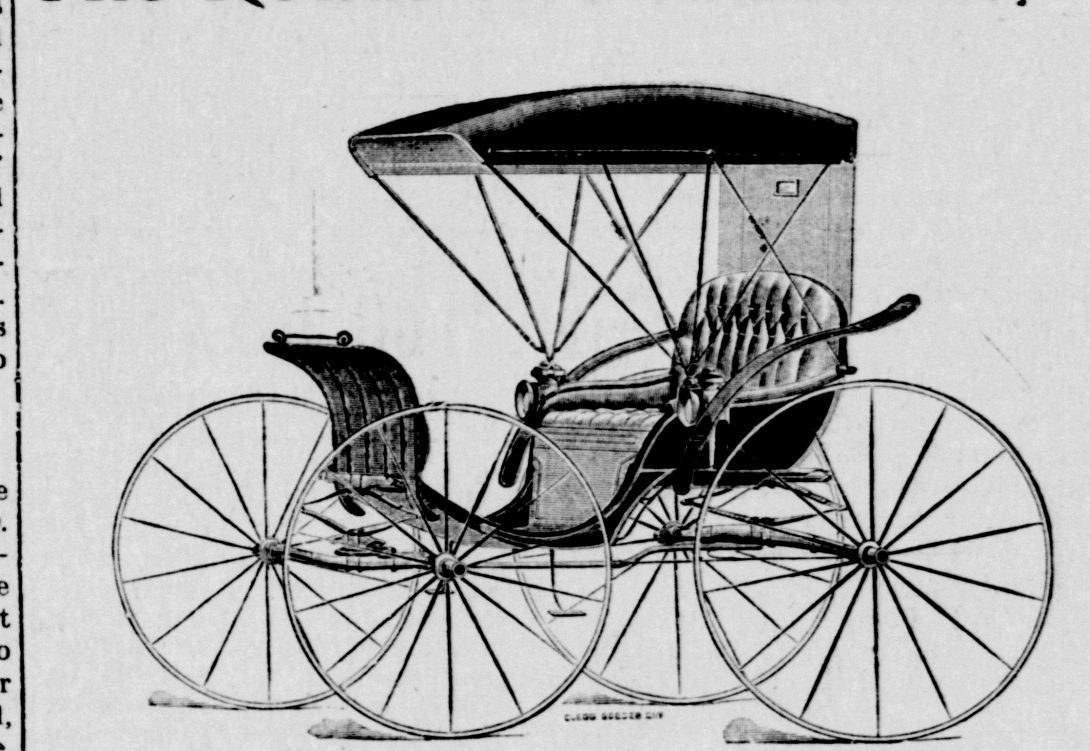

Without Appetite and Vigor.

After I had used half a bottle of Hood's I realized quite an improvement and soon felt quite comfortable. I gained so much that I recommended Hood's Sarsaparilla to my nearest neighbor, who has had malarial symptoms. She has also taken the medicine and its effect upon her for good was almost magic. She has now prevailed upon her husband to take it to build him up. I have also given Hood's Sarsaparilla to my two little girls, one nearly 3 years old, who is not strong, consequently languid, and the other, 15 years old, for pimples which indicate bad blood and disfigure her complexion. Both have been helped by Hood's Sarsaparilla which I am glad heartily to recommend." Mrs. G. HUNT, 101 West 31st Street, N. Y. City.

## HARD WORK DONE AT MADISON

(Continued from page 1.)

the former laws and make but little change. There will however likely be opposition to them from sources which desire more lax insurance laws and there may be some hot debates over them. It is not likely however that the measure will fail of passage as without them Wisconsin would be practically without insurance laws. The present insurance statutes having been omitted from the revision under the supposition that Mr. Fricke's insurance code would pass. The death of this latter measure has it is said been received with sorrow by the old line companies and was without doubt due to the splendid work against it on the part of the fraternal insurance men. W. A. B.

Mr. Bryan at Tallahassee.

Tallahassee, Fla., April 10.—Both houses of the legislature adjourned Friday in honor of W. J. Bryan. Mr. Bryan arrived at 4 o'clock and was met at the depot by Gov. Bloxham, the cabinet, Supreme court officials, legislative committees, Mayor Shine and hundreds of citizens. He looked badly bruised, and his eye appeared blackened and bloodshot. His lameness is increasing, and his leg pains him somewhat.

Extensive preparations had been made in Lewis park, in the center of the city, for the speaking to-night. He was entertained at the hotel during the afternoon, and held a grand levee, hundreds of people calling upon him. Thousands of people crowded the park at 8 o'clock, when the speaking began.

Indiana Reading Circles Killed.

Indianapolis, Ind., April 10.—The ruling of the appellate court that township trustees have no authority to purchase "reading circle" books is likely to destroy this valuable adjunct to the educational system of the state. The directors, who are named by the state teachers' association, with the superintendent of the department of public instruction, ex officio a member, have been called to meet here in the hope of devising some way by which the circles can be continued.

Great Britain After Liberia.

Paris, April 10.—The Temps publishes a letter from Sierra Leone stating that it is understood there and affirmed in official circles that Great Britain is about to make a loan to the Liberian government. It is expected that the conditions of the loan, if made effective, will give Great Britain a preponderant position in Liberia to the detriment of the United States, France, Germany and the Netherlands.

Sutherland's Defense Is Ready.

Plymouth, Ind., April 10.—In its case against William Sutherland for murder the state rested Friday night. A number of witnesses testified to their identification of the body taken from the grave, where it was buried under the carcass of a mule, as being that of Ed Fetters. Defendant claims that he will be able to show conclusively that he is innocent of the charge against him.

Will Test the Law.

Dayton, O., April 10.—Col. J. B. Thomas, governor of the Soldiers' Home, was arrested Friday, charged with violating a state law, by serving oleomargarine at that institution without displaying a placard stating the fact. It will be a test case, as it is a question whether the law can be enforced in the home, which is a United States reservation.

Harrison May Not Preside.

Indianapolis, Ind., April 10.—Gen. Harrison authorizes the statement that he has not as yet consented to act as orator of the general assembly of the Presbyterian church.

## MISS WASGATT WINS MAHONEY MEDAL

LEADS FOR THE SECOND TIME  
IN SPEAKING.

Twenty Contestants in the High School Oratorical Contest and Judges Have Difficulty in Deciding Between Them—Three of the Classes Happy Over the Result.

For the second time Miss Ethel Wasgatt won the Mahoney medal for extemporaneous speaking last evening. The medal in declamation was awarded to Miss Imogene McDonald, '96, and the medal on oration to Charles Raymond, class of '97, his topic being "Peace on Earth." The judges were Professor J. C. Freeman and J. W. Stearns and D. C. Jackson of the state university. Five hundred people were present and there were twenty contestants, seven in orations, six in declamations and seven in extemporaneous speaking. The subjects were:

### ORATIONS.

"Let Us Carry Out the Work We Have to Do," Miss Inez Arnold, '98.  
"The Nobility of True Thought," Miss Virginia Hayner, '98.  
"The Sovereignty of Law," Miss Lucy Aikin, '97.  
"The Greatest Factor in Progress," Miss Catherine Earlight, '97.  
"The Power of Personal Influence," Everett Fisher, '97.  
"Peace on Earth," Charles Raymond, '97.  
"True Liberty," Miss Alice Clithero, '98.

### DECLAMATION.

"To the Lions," Miss Pearl Willey, '98.  
"The Child Wife," Miss Imogene McDonald, '97.  
"Kentucky Belle," Miss Jessie Scofield, '97.  
"Artemus Ward's Mormon Lecture," Joseph Fisher, '00.  
"The Clock's Story," Miss Lucy Aikin, '97.  
"The Soldier's Reprieve," Miss Nellie Rumlill, '00.

### EXTEMPORANEOUS SPEAKING.

"The Cuban Question," Victor Marquissee, '00.  
"The Arbitration Treaty," Leonard Matthews, '98.  
"Municipal Ownership of the Water Works," Miss Mabel Harper, '97.  
"Greece and Crete," Allan Lovejoy, '00.  
"The Value of a Bicycle," Percy Munger, '00.  
"The Value of Debating," Fred Holt, '99.  
"Is Novel Reading Desirable?" Miss Ethel Wasgatt, '98.

Competition was very keen, and the judges said in announcing their decisions that they had found it difficult to make a choice. Cheering greeted the announcement of the winner's name.

J. L. Mahoney, the giver of the Mahoney medal, made the presentation to Miss Wasgatt in a neat speech. Miss Wasgatt now owns the medal, having won it twice.

Three of the classes had reason to rejoice over the result of the contest, Mr. Raymond being a senior, Miss Wasgatt a junior and Miss McDonald a sophomore.

The contest was a success from a financial point of view as well as from every other. The expense were about \$20 and the receipts \$91. The surplus is divided between the gymnasium and the normal training department.

## ANXIOUS TO SEE WEDDING

Syrians Have Been Forced to Refuse 200 Requests For Invitations.

The Syrian wedding which is to be performed soon after Easter is arousing no end of interest. Everybody seems anxious to witness it. Amen Karle, who lives on North River street, told a Gazette representative last evening, that since the announcements of the coming event in The Gazette he had been stopped by at least two hundred people who wished to know if there was any possibility of their being present. He explained that it was impossible, as none were to be admitted except members of the local Syrian colony.

## GIVES "ERMINE" IN BARABOO

Prof. Perry M. Webster Has Plans Made For Another Performance.

Perry M. Webster, who presented "Ermine" in this city, is to give the same performance in Baraboo immediately after Easter. Mr. Webster has been in Baraboo during the past few days. The opera is to be given under the auspices of St. Catherine's Guild of the Episcopal church.

## CANVASS OF COUNTY VOTE.

Judge Sale Receives 5,082 Votes Out of 5,086—Other Figures.

The official canvass showed the county vote to be 5,086, of which John W. Sale received 5,082. For supreme justice Rouje' D. Marshall received 3,623. The vote on the amendment to the constitution giving Milwaukee an extra circuit court judge stood 872 for and 554 against.

## DRESSER GETS OFF

WITH A FINE OF \$3

HE HAS NOT APPEARED MRS. GODDING.

The Charge Against Him This Afternoon Was Simply Drunk and Disorderly—Tramp Mahen Is Very Meek and Will Be Satisfied With One Year.

Clarence Dresser, the young man who was to have married Mrs. H. L. Goldings, of Madison, and who took her pocket book containing forty dollars, was fined three dollars and costs this afternoon, with the alternative of spending three days in jail. The charge was "drunk and disorderly."

He still has to appease Mrs. Godding for making her think she had won his youthful heart. He stoutly avers that he will not marry the Madison widow and says he will stand suit for breach of promise first.

Sheriff Acheson is so far committed to his side of the case as to declare that the wedding shall not take place at the jail.

Miss Katherine Collins kicked all the glass out of her room at the jail last night, and agreed with Mrs. "Hoot" Doolin that it was a shame to be kept indoors such lovely evenings.

Today Mrs. Doolin was fined \$2 and costs.

"If I don't get over a year for this I'm satisfied," said Frank Mahen the wandering hobo who is now in jail for allowing zealous democrats to vote him illegally Tuesday in the Fifth ward. The penalty for this offense is from one to three years in the penitentiary or a fine of from \$1 to \$300.

An Edgerton sensation was aired in several Janesville law offices today. One business man is said to want \$500 damages on account of the aff edionate manifestations of a neighbor.

WILL OPEN A NEW LAUNDRY.

Flourlight & Butler Begin Business in the Troy Laundry Monday.

A laundry that promises to be the most complete in the city in every respect will be opened next Monday at 21 North Main street. A complete outfit of new laundry machinery has been placed in position during the past two weeks and a twenty horse boiler and ten horse engine will furnish the power.

The proprietors have spared no expense in furnishing the place with up-to-date appliances for washing and ironing linen of all kinds. A Columbia washer of the very newest pattern is ready for use and another will be added inside of a week.

The usual wear and tear on shirt bosoms, wrist and neck bands is done away with in the starcher to be used; it is of the Nelson & Kreuter make, and is called the Corker Starcher, it has improvements which will make its work appreciated.

A feature to be made a specialty will be the washing of flannels and underwear. A stationary tub with hot and cold water and steam faucets has been conveniently placed, and all articles, where there is a chance of shrinkage, will be washed by hand.

The drying room is of late pattern, has double the capacity and degrees of heat of the usual drying room.

The steam-puff ironer or ladies shirt waists is the best to be found and the steam collar turner does away with the chance of breaking linen.

The shirt collar and cuff ironer is the Columbia make and has two boards. It is so regulated that a domestic, medium or high gloss finish can be put upon linen as desired. All the other apparatus used is equally good and complete. The laundry will be the best in southern Wisconsin.

The shafting pulleys, belts, etc., are all under the floor so that there is no chance of dirt falling on the linen.

A well has been driven which secures the best water for washing purposes in the city. The purpose of the new concern is to do better laundry work in every way than the usual run, and no pains will be spared to gain for them a reputation.

LAKE COTTAGES PILLAGED

Janesville Members of the Geneva Colony Are Much Worried.

Janesville people who own cottages on the shores of Lake Geneva have been much worried of late over the work of house-breakers. It is said that half a dozen cottages have been pillaged. The latest cases were committed at the Braun and Smyth cottages on the south side of the lake and at Clifford's place on the north shore.

MRS. FISHER'S HORSE STOLEN

Taken From in Front of the High School Last Evening

Deny Tariff Protest Reports.

Washington, April 10.—The state department continues to deny the reports that the German government has submitted a protest against the tariff bill, but whether it has been received or not, it is known definitely that such a protest has been forwarded by the German ambassador Baron von Thielmann, acting on cable instructions from Berlin. Several of the other foreign representatives to the United States have submitted representations respecting the tariff bill, but none of them was quite so strong as that of Germany.

## SANFORD IS IN JAIL

FOR A DRAFT DEAL

TRIED TO SELL \$1,000 WORTH OF BAD PAPER.

The Police of Jamestown, N. Y. Got Him and He Is Now Under Arrest—He Is Wanted Here and in Lima and in Terre Haute.

H. J. Sanford, a swindler who is wanted in this city, is under arrest in Jamestown, N. Y. He was arrested while trying to negotiate the sale of \$1,000 in forged drafts to the Chautauque Building and Loan Association. A few days ago the association received a description of the man from a detective agency, also stating that he was wanted in Janesville, in Marion, Ind.; Bloomington, Ill.; Lima, Ohio, and Terre Haute, Ind., for swindling.

When notified of Sanford's arrest today the police were at loss to locate him. It occurred to Chief Hogan finally that Sanford was the man who passed a forged check for \$75 on John F. Sweeney at the Grand hotel last October. At that time he traveled under the name of H. H. Martin. Steps will be taken at once to establish his identity.

## IMPOVERISHED BLOOD

And Deficient Circulation Call for Mun-  
yon's Blood Cure, the Best Blood Tonic  
on the Market—It Enriches and Purifies  
the Blood, Promotes Appetite and Gives  
Renewed Strength and Vitality.

Professor Munyon says:—"The idea that one must take 'Spring Medicines' is a great mistake. It is true that at this season of the year many changes take place in the human body that affect the blood, liver, kidneys and nerves, but in healthy people these changes occur without the help of medicines. In fact, it is a sin against nature to take drugs of any kind into the body unless one is ill. The so-called Spring Medicines for the blood are also bad because they pretend to cure all diseases with one combination of medicines. If your stomach is out of order it is absurd to take a rheumatic medicine; if you have a cold, a kidney remedy remedy not only does you no good, but may do harm; if your liver is sluggish a nerve cure is useless. In fact, there is only one way to cure promptly and permanently, that is, by treating each phase of disease with the appropriate remedy. A separate cure for each disease is the grand and true principle on which the Munyon system of treatment has gained its marvelous success."

"If you have an April Cold, the first thing is to cure the cold, as this is the season when Grippe and Colds have a dangerous tendency to develop into lung diseases and catarrh. The most obstinate colds yield in a few hours to Munyon's Cold Cure. Pneumonia, catarrh of the lungs and throat troubles are always prevented by this remedy. Where Colds are complicated by a Cough, the Cold Cure should be alternated with Munyon's Cough Cure."

"The debilitated condition which affects many people in the Spring season is Nature's warning that some organ is weak and often precedes serious disease. It is a condition which needs careful investigation, and which calls for treatment, not with Spring Medicines, but with the remedy that will remove the cause. If the stomach is disordered, Munyon's Dyspepsia Cure will act as a stomach tonic and bowel regulator, assisting digestion, and curing such symptoms as pain or soreness in the stomach, shortness of breath, poor appetite, coated tongue, sour or bitter raising from the stomach, heartburn, wind on the stomach, constipation, dizziness, faintness, and lost energy."

"If the kidneys are affected, the languid, dragged-out feeling is accompanied by pain in the back, dark circles around the eyes, headaches, and deposits of red sand or mucus in the urine. Munyon's Kidney Cure is guaranteed to cure 95 per cent of all forms of kidney disease."

"When the liver is disordered, the whole system feels the presence in the blood of the poisonous substances left by the defective action of this organ. In fact, the condition is one of general poisoning. There is depression of the spirits, tired, worn-out feeling all the time, bad taste in the mouth, aching and soreness in the right side, backache, and aches and pains all over. Munyon's Liver Cure stimulates the liver to healthy action, and makes a perfect cure by removing the cause."

"Impoverished, thin and impure blood is the foundation from which many diseases arise in the Spring months. The poor quality of the blood results in a general low state of health, loss of energy and vitality. The patient takes cold easily, and the colds are obstinate, leading to catarrh, rheumatism and neuralgia. Munyon's Blood Cure not only purifies the blood, but makes new blood, rich in nourishment, that invigorates the whole system. It aids the healthful action of all the organs of the body, revitalizes all the tissues, promotes appetite, drives out the skin diseases, brings healthy color to the cheeks, clears the complexion and tones up the nerves, dispelling completely the dragged-out, tired feeling."

No matter what the disease, there is a Munyon specific with which you can doctor and cure yourself. Munyon's Improved Homoeopathic Remedies are sold by all druggists, mostly at 25 cents a vial. There is no guess work, each remedy is plainly labeled with directions for home treatment, and the cure is absolutely certain. If you are in doubt as to the nature of your disease, a personal letter to Professor Munyon, 1105 Arch street, Philadelphia, will be answered with free medical advice.

## The Value of Advertising.

"There's nothing like advertising," said the prosperous linen-draper, solemnly.

"You're right there," nodded the tea merchant, with a snug balance at his banker's, who sat next to him. "I couldn't get on without it."

"Now, my wife, for instance," went on the linen draper, "had a queer experience the other day. She had lost a lace handkerchief—an heirloom—very valuable. She put an advertisement in the morning paper, and the very next day—"

"Yes, the very next day—"

"She found it in a drawer of her dressing table."—Tit-Bits.

## Significant.

"Snickers," said Cawker to the well-known humorist, "do you think that a person's diet has much influence on his actions and thoughts?"

"Yes, I do, Cawker. I think that what a man eats determines his peculiarities. Why do you ask?"

"I have noticed you eating a good many chestnuts lately."—N. Y. Tribune.

## Slandered Him.

"So many people tell me that you are fast, Lionel," she declared, in dulcet tones, "but I know better."

"How good of you!"

"It's only the truth, Lionel, for you are positively slow. It's two years since you began devoting yourself to me, and yet you have not reached a definite proposal."—Detroit Free Press.

## Same Thing.

"My mither sent me to see if you wad gie her a calendar like the one you gied to Mrs. Mackay," said a boy to a grocer in the village. "But, my little boy," replied the grocer, "your mother does not get her groceries here." "No," replied the boy, "but she borrows them from Mrs. Mackay, and Mrs. Mackay gets them frae you."—Household Words.

## Too Suggestive.

"But why did you try to travel while in such condition?"

"I made up my mind I wouldn't die in that town."

"Why?"

"There wasn't but one undertaker in the place, and 'is name was Burnum."—Chicago Journal.

## Too Much Shyness.

Cumso—Why don't Mr. Gilgal and Miss Perkase get married?

Cawker—Shyness on both sides.

"How do you make that out?"

"She is a shy little thing by nature and he is shy of cash."—Detroit Free Press.

## Not Unusual.

# Lost Control of Her Nerves

## A HELPLESS, PAINFUL CONDITION.

From the Tribune, Minneapolis, Minn.

It is said that the present generation is living in an era of nervousness. Some attribute the cause to the climate of our country; if there is an atmospheric effect it certainly is the least of the causes that produce nervousness.

food, sleep with irregularity, with seldom a thought of our nerves.

Mrs. C. H. Guise, of 410 Central Avenue, East Minneapolis, had the misfortune to suffer constantly from nervousness, and her trouble was aggravated by want of sleep. Night after night of sleeplessness had created a worn out condition and she sometimes would jerk and jump unconsciously.

In relating her experience to a Tribune representative, she said:

"I wish to state to you the great benefit I have derived from Dr. Williams' Pink Pills for Pale People. For many months I was afflicted with nervous debility and could get no relief, until I began using the Pink Pills, the required result came very soon, and I hope I may have the privilege of recommending them to everyone suffering as I did, for I am certain the medicine gives instant relief without any bad results."

(Signed) Mrs. C. H. Guise, a Notary Public.

T. E. ANDREWS, Notary Public, Hennepin Co., Minn.

Dr. Williams' Pink Pills contain, in a condensed form, all the elements necessary to give new life and richness to the blood and restore shattered nerves. They are also a specific for troubles peculiar to females, such as suppressions, irregularities and all forms of weakness. They build up the blood, and restore the glow of health to pale and sallow cheeks. In men they effect a radical cure in all cases arising from mental worry, overwork or excesses of whatever nature. Pink Pills are sold in boxes (never in loose bulk) at 50 cents a box or six boxes for \$2.50, and may be had of all druggists, or direct by mail from Dr. Williams' Medicine Company, Schenectady, N. Y.

## Talk About Ladies' Shoes—

We can scoop them all—Oxbloods and Chocolates in all shades and the late popular Bottie Green. You will agree that so far we have shown the superior line of the city. This spring's stock is ahead of any yet. It is easy to convince you if you will come into the store and see the shoes—it's a pleasure to show them. Please remember our stock is all new—no old numbers to show.

Miss Rose McConnell drew the last wheel; are you the person to get the bicycle we will give away April 22. A numbered coupon with every 50c cash purchase.

"Her Grace the Duchess."

It is probably a question of interest with most women as to how the late Mrs. Hungerford took her nom de plume of "The Duchess." "Bab" explains it in a conversation she had with her. Mrs. Hungerford said:

"Many years ago, just at the time I was writing 'Phyllis,' I stopped work for awhile and went to attend a tea at the home of one of my most intimate friends. Just as I was going to enter the drawing room my host saw me, came forward, waved the footman away and himself announced me to the guests as 'Her grace the duchess.'"

"He said this with great solemnity, and as all of us knew each other well there was a great deal of laughter and fun about it. Then somebody took it up and said that the title well became me, because I am exactly 5 feet and at that time was very slender. It was probably foolish, very frivolous, but we were light hearted, all young together, and a laugh seemed the very best thing that could happen us. So this name was put on the first sheets of 'Phyllis,' and these sheets were sent across the water, where, finally enough, I am known by my title, though in England it is not used and not recognized."

Growing In England.

It is claimed that woman suffrage "is not making headway in England."

The first petition for woman suffrage presented to parliament, in 1867, was signed by only 1,499 women. The petition of 1873 was signed by 11,000 women. The petition presented to the members of the present parliament was signed by 257,000 women.

The last time before this when the suffrage bill came up in parliament it was defeated—175 to 152. This year it has passed to its second reading—235 to 157. Commenting upon the marked gain in the vote, the well known newspaper correspondent, Harold Frederic, says, "The question may be one at which many politicians smile, but the steadily increasing support it receives cannot be denied by any careful student."—Exchange.

With four free states in the Union, with eight senators owing their election to women constituents, and with other evidences of the gaining popularity of their cause, the women suffragists certainly have an encouraging outlook. —Massillon (O.) Independent.

It is said that English servant girls are being rapidly displaced in London by Swedish and Norwegian girls, who are stronger, more willing to work and cheaper.

Statistics of life insurance show that in the last 25 years the average woman's life has increased from about 42 years to nearly 46, or more than 8 per cent.

Woman suffrage gains supporters constantly, and even the conservative Bay State will surprise the mossbacks some time. —Warren (Mass.) Herald.
